## Missing file AGRPQ

Product: CPPD

Symptom: When selecting either: (2) Reorganise archive file or (3) Save logfile members from the Housekeeping menu, the following error occurs: "Control language (CL) program PRGFAXDOC in library CPPD detected an error at statement number 5100."

The job log message is: "File AGRPQ in library \*LIBL not found"

Resolution: Increase Member AGRPQ must be present in object QUSRTOOL.

Download Member AGRPQ from the PTF section of the website (<http://www.cobwebb.com/support/PTFs.htm>)
