Cobwebb Document Management
from Cobwebb Communications is a complete set of document management tools that can help you run your business efficiently.

Benefits:

▸ A complete solution for print, email, XML, barcode, scanning / OCR, archiving, fax, file, mobile and document ePortal for supplier and customer self service.

▸ Reduces reliance on paper

▸ Greatly reduces the cost of producing and sending documents such as invoices, purchase orders, delivery notes, etc., to customers and suppliers.

▸ Standardises the format of customer and supplier facing documents

▸ Never lose a document. Stores a copy of each document created.

▸ Gives you the freedom to add additional information to your documents without modifying your core business system

▸ Uses industry leading Optical Character Recognition (OCR) to convert documents to data allowing you to automate processes such as Accounts Payable and Accounts Receivable.

▸ Proven, reliable industry solution

▸ Deployed with multiple ERP and WMS systems such as Infor Sytem21, Infor M3, Infor BPCS / LX, Infor Mapics / XA, JD Edwards, etc.

▸ IBM i native - Cobwebb reformatting and distribution runs natively on your power server. This means simply that:

  ▸ No additional hardware is required

  ▸ It is more secure

  ▸ It is more reliable

  ▸ It is highly auditable

  ▸ It is faster

Cobwebb Communications Ltd has been providing paperless process management solutions for the IBM mid-range servers since 1986. A complete IBM i Document Management Solution, the Cobwebb Document Management suite of products allows the capture, creation, distribution and archiving for documents electronically and directly from your ERP system.

COBWEBB DOCUMENT MANAGEMENT WILL HELP YOU IN THREE MAIN WAYS:

1 // Automated reformatting & distribution of all your business documents

2 // Capture and archiving of your business documents such as invoices, emails and spreadsheets

3 // Automation of business processes using automated workflow
