## PRODUCT // COBWEBB MOBILE

### Features

—  
Android application

—  
Customisable platform

—  
Mobile data capture

—  
IBM i integrated

—  
Integrated archiving capability

—  
Updates ERP or WMS

### MAKING THE LINK //

This android based app remotely captures the data required, streams it back into the business system while storing the data for instant retrieval when needed.

Cobwebb Mobile ensures there is focus on the data required throughout the transaction and eliminates the need for tracking down paperwork or waiting for end of day reporting. This helps to eliminate labour intensive processes that are prone to error and interpretation.

### THE COBWEBB SOLUTION //

All of our products are developed with business efficiency improvements and cost saving at their core. Cobwebb Mobile positively affects business profitability, while delivering measurable enhancements in customer, supplier and internal communication.

### CREATING THE PAPERLESS PROCESS //

Cobwebb Mobile helps you create a truly paperless environment. No more filing cabinets stuffed with endless forms and documents; no need for staff to spend hours manually entering data. Everyone can immediately access all the data they need - exactly when they need it. Cobwebb Mobile can contribute to a reduction in your businesses carbon footprint.

### ABOUT COBWEBB COMMUNICATIONS

Cobwebb Communications Ltd. has been providing paperless process management solutions for the IBM i since 1986. Now providing a complete IBM i Document Management Solution, the **Cobwebb Document Management** suite of products allows you to capture, create, distribute and archive documents electronically and directly from your ERP system.
